**डॉ. एल.बि. सिंघल, विकास आयुक्त महोदय की अध्यक्षता में हुई 100% ईओयू से संबंधित यूनिट अप्रूवल**  
**समिति की छठी बैठक (2018 सीरीज) का कार्यवृत्त**

6<sup>th</sup> Meeting (2018 Series) of Unit Approval Committee (UAC) for EOU scheme was held on 12.12.2018 at NSEZ, Noida under the chairmanship of Dr. L.B. Singhal, Development Commissioner, Noida SEZ.

The following members of the Unit Approval Committee were present in the meeting:

1. Shri S.S. Shukla, Joint Development Commissioner, NSEZ, Noida.
2. Shri Dinesh Meena, Joint Commissioner of Customs, Commissionerate of Customs, Delhi.
3. Shri M.L. Shera, Assistant Commissioner of Customs, Commissionerate of Customs, Jodhpur (Rajasthan).
4. Shri Rajesh Sharma, Assistant Commissioner of Customs, Customs Commissionerate, ICD Dadri (Greater Noida).
5. Shri R.L. Meena, Assistant DGFT, Central Licensing Authority, New Delhi.

Besides during the meeting of UAC, Shri R.K. Srivastava, DDC, Shri Ram Baboo, ADC and Shri Subodh Kumar Jha, ADC were also present to assist UAC.

2. The Chairman welcomed all participants of the UAC and thereafter agenda was taken up for discussion.

**6.0(2018) Confirmation of Minutes of 5<sup>th</sup> Meeting (2018 series) of the UAC held on 17.10.2018.**

The Committee ratified the Minutes of the 5<sup>th</sup> UAC meeting (2018 Series).

**6.1(2018) Proposal for conversion of existing DTA unit into 100%EOU in respect of M/s Sonex Marmo Grani Private Limited for manufacture and export of Marble Slabs, Marble Tiles, Granite Slabs and Granite Tiles.**

It was informed to the Committee that the proposal of M/s Sonex Marmo Grani Private Limited received is for conversion of existing DTA unit into 100%EOU at Khasra No.

*Ravi Kumar*

2909/1196, Village Amberi, Tehsil-Girva, N.H. 8, Udaipur, Rajasthan-313011 for **manufacture and export of Marble Slabs, Marble Tiles, Granite Slabs and Granite Tiles** with following annual capacity:-

1) Marble Slabs (68022110)	220000 CFT per year
2) Marble Tiles (68022190)	70000 CFT per year
3) Granite Slabs (68022390)	60000 Sq. Mtr per year
4) Granite Tiles (68022310)	24000 Sq. Mtr per year

ii) It was also informed to the Committee that export projection for five years is Rs.4601.00 lakh and projected NFE is Rs.1867.00 lakh. The area of proposed location is 14310 sq. ft. Further, the value of proposed investment in plant machinery is Rs.303.55 lakh (Rs.200.00 lakh imported and Rs.103.55 lakh indigenous machinery) and the proposed location has been obtained by promoters on lease for 99 years from 31.01.2011 from Urban Improvement Trust, Udaipur.

iii) It was also informed to the Committee by the jurisdictional Assistant Commissioner of Customs, Jodhpur that the said unit was visited on 11.12.2018 and it was observed that all the capital goods shown in application and required tanks of water for manufacturing process were already there and working properly. All four sides of the said unit are surrounded by cemented boundary walls and only a single entry is there. The factory is working on full swing and they are supplying the finished goods to various exporters for exporting the same to foreign countries.

iv) However, the jurisdictional Assistant Commissioner of Customs, Jodhpur also informed that as per available information, the said DTA unit has already been served with a Show Cause Notice dated 06.04.2018 issued by the Joint Commissioner, CGST Commissionerate, Udaipur involving Central Excise duties of Rs.1,80,11,769/- besides various penalties. The same is still pending for adjudication and the unit is not co-operating for adjudication of the said SCN and has still not submitted all requisite documents to GST authorities.

v) Shri Manish Soni, director of the unit attended the meeting and elaborated the project before the Committee. He explained that presently they are doing job work for other exporters and are using domestic Green marble. Now they have export orders from Turkey, Kuwait etc. and therefore they want to set up EOU. He further informed that present investment in plant machinery is about Rs.100.25 lakhs and previously 40 people were working in the existing unit whereas at present only 14 people are working since after installation of machinery most of the work is done mechanically. On being asked about pending SCN, he mentioned that they had done job work against which SCN was issued for the period 2012-13. However he stated that he is in touch with Customs and will get the issue resolved soon. He informed that all the present activities will be discontinued and the unit will function as EOU and will export 100%

*Ravi Kumar*

production. It was informed to him by the Committee that Marble is sensitive sector and hence it is important that units working in EOU should have clean background.

The Committee, after due deliberation, decided to defer the case and directed that the case may again be placed before UAC after receipt of complete report from jurisdictional Customs authorities.

**5.2 (18) Proposal for setting up of 100%EOU in respect of M/s Rakmo Press Private Limited Limited for manufacture and export of Printed Books, Drawing Book, Writing Pad and Note Books.**

It was informed to the Committee that the proposal of M/s Rakmo Press Private Limited received is for setting up of a 100%EOU at at I-57, First Floor, Surajpur, Site-5, Kasna, Greater Noida, G.B. Nagar (U.P.) for **manufacture and export of Printed Books, Drawing Books, Writing Pad and Note Books**. The export projection for five years is Rs.4300.00 lakh and projected NFE is Rs.3166.00 lakh. The area of proposed location is 500 sq. mtrs and the proposed location has been obtained on lease for 77 years from UPSIDC.

ii) It was also informed to the Committee that the site inspection report from jurisdictional Customs has been received on 10.12.2018 wherein the premises of the unit has been verified by the jurisdictional Assistant Commissioner of Customs and found fit for granting the EOU status.

iii) Shri Mukesh Bhargava and Shri Rakesh Bhargava, directors of the unit attended the meeting and elaborated the project before the Committee. They stated that they are in printing business since 1988 and are engaged in book printing, diary printing, calendar printing etc. and they are A-Class Printer of DAVP. He informed that presently 25 people are working in the existing unit and that presently they are not doing any exports directly though they are supplying goods to overseas buyers viz. Oxford , Springer etc. Now they intend to export directly besides supplying goods under para 6.09(b) of FTP to overseas buyers viz. Oxford, Springer etc. and therefore they have requested for grant of EOU status. They further informed that initially they will export about 20-30% goods and will clear about 70-80% goods in domestic market in terms of para 6.09(b) of FTP. They informed that they will be installing imported state of the art latest machinery for 4 colour printing in place of existing old machinery.

The Committee, after due deliberations, approved the proposal of the unit.

**6.3 (18) Proposal for addition of new items in LOP for manufacture and export in respect of M/s Welspring Universal, 43 KM Stone, (NH-10), Delhi-Rohtak Road, Village Mandothi, Bahadurgarh (Haryana)**

*Ravi Kumar*

It was informed to the Committee that the proposal of M/s Welspring Universal is for inclusion of MS MIG Wire/ copper Coated Wire and Stainless Steel MIG Wire in their LoP for manufacture and exports. Unit is an existing 100% EOU manufacturing Hand Tools, Welding machine Tools and Accessories, Safety products, Steel Furniture, Garden Tools, Agriculture Imple. Builder Hardware, Cloths Drier. It was informed to the Committee that the ITC (HS) Code of proposed items and existing Welding machine Tool & Accessories are as under:-

MS MIG Wire/ Copper Coated Wire	7229 9016
Stainless Steel MIG Wire	7223 0092
Welding Machine Tools & Accessories	8468 9000, 8515 9000

2) It was also informed to the Committee that:-

- (i) All items made by the unit fall under Engineering sector / Industrial use items;
- (ii) Over 90% items are welding accessories, even their Safety products are serving the welding sector only;
- (iii) They are producing electrode holders and MIG torches, tools that welders use to weld;
- (iv) The MIG Wire, that is used in MIG torches to weld with. Buyers of MIG wire are the same as their current buyers.
- (v) That unit has stated that there is a forward linkage of goods. The MIG wire is a consumable in the welding industry just like the welding electrodes. It is the consumable used for doing continuous welding and has many advantages over the conventional electrode welding like higher productivity, simple welds, clean and efficient, versatile, faster welding speed etc.
- (vi) That unit has stated that at present they have an overall annual manufacturing capacity to produce 1.0 crore units but they have manufactured only 41.26 lakh units hence there will be no capacity enhancement.
- (vii) That unit has also submitted revised projection of exports, imports for the current block w.e.f. 16.03.2016 to 15.03.2021, which is as under:-

*Ravi Kumar*

(Rs. in Lakhs)

S. No.	Particulars	Existing Projections	Revised Projections
1.	FOB value of exports	35236.00	42022.00
2.	- Import of Machinery	395.00	243.00
	- Import of raw materials and components	11598.00	11932.00
	- Import of spares and consumables	95.00	71.00
	- Foreign Travel	200.00	235.00
	- Any other payments (Trade Fairs)	134.00	180.00
	Total Outgo:	12422.00	12661.00
3.	NFE earnings in five years (1-2)	22814.00	29361.00

3) Unit's representative Shri Ram Chandra, Finance Manager attended the meeting and explained the proposal and stated the following:-

a) Over 90% items made by them are welding **accessories** that serve the Welding industry of the engineering sector. Even their Safety products are serving the welding sector only

b) In welding accessories range, they already produce electrode holders & Mig torches -- tools that welders use to weld;

c) Now, they are adding MIG wire (Metal Inert Gas), that is used in MIG torches to weld with.

d) Buyers of MIG Wire are the same as their current welding accessories buyers. They have more than 250 buyers worldwide and some of their USA buyers are already selling over 5000 tons per month. Hence the co-relation of MIG wire to what they already make is a direct one. Thus, it is a forward linkage of goods.

e) The MIG wire is a consumable in the welding industry just like the welding electrodes. It is the consumable used for doing continuous welding and has many advantages over the conventional electrode welding.

f) MIG welding – (Metal Inert Gas Welding) - utilizes a continuously fed solid electrode wire (called MIG Wire) and a shielding gas (Carbon Di Oxide).

g) MIG welding creates strong, durable joints with a very small heat affected zone.

h) Advantages of MIG welding are: - High quality welds can be produced much faster. Since a flux is not used, there is no chance for the entrapment of slag in the weld metal resulting in high quality welds. The CO<sub>2</sub> gas shield protects the arc so that there is very little loss of alloying elements. The heat affected area is very small, leading to very good quality welds of high strengths.

i) They have applied for the addition, because the chapter head of **MS MIG Wire / Copper coated wire (HSN 7229 90 16) & Stainless Steel MIG Wire - (HSN 7223 00 92)** are different from the one they use now for Welding accessories – 8468.9000.

*Ravi Kumar Lamba*

The Committee, after due deliberations, approved the proposal of the unit for inclusion of new items for manufacture and export in LOP. The Committee also approved the revised projections submitted by the unit.

**6.4(18) Proposal for addition of new products in LOP for manufacture and export in respect of M/s Meneta Automotive Components Pvt. Ltd., Village Hashamabad, P.O. Bahalgarh, Distt. Sonapat, Haryana having second location at Plot No. 49 & 66 Phase-53, HSIDC, kundli, Distt.-Sonapat (Haryana).**

It was informed to the Committee that the proposal of **M/s Meneta Automotive Components Pvt. Ltd.** is for inclusion of Suspension Systems / Parts and Accessories (including Shock Absorbers) in LoP for manufacture and exports. Unit is an existing 100%EOU manufacturing Anti Noise Shim, Back Plate, Accessory, Window Component, H.R. Coil Slitted, H.R. Sheets and H.R. Cut to Length. It was informed to the Committee that the ITC (HS) Code of proposed items and existing Welding machine Tool & Accessories are as under:-

Suspension Systems/Parts & Accessories (including Shock Absorbers)	8708 8000
Existing items:	
Anti Noise Shim	8708 3000
Back Plate	8708 3000
Accessory	8708 3000
Window Component	8708 3000
H.R. Coil Slitted	720852
H.R. Sheets	720852
H.R. Cut to Length	720852

2) It was also informed to the Committee that:-

- (i) No linkage of the proposed items with old approved items of manufacture. Proposed items used in motor vehicle in suspension system and old items used in Braking systems of motor vehicle;
- (ii) Unit already have infrastructure to manufacture suspension systems;
- (iii) Suspension systems / Parts and accessories (including shock absorbers) are covered under ITC (HS) Code 8708 8000 whereas the old approved items are covered under ITC (HS) Code 8708 3000.
- (iv) No additional capital goods and raw materials are required for manufacture of proposed items.

C:\Users\hp\Desktop\Draft\minutes of UAC 12.12.18.docx

*Ravi Kumar*

- (v) That unit has also submitted revised projection of exports, imports for the current block w.e.f. 12.11.2017 to 11.11.2022, which is as under:-

(Rs. in Lakhs)

S. No.	Particulars	Existing Projections	Revised Projections
1.	FOB value of exports	123787.41	154854.50
2.	Foreign Exchange outgo on: - Import of Machinery - Import of raw materials and components - Import of spares and consumables - Payment of foreign technicians - Foreign Travel Total Outgo:	2974.79 64200.00 1487.40 50.00 42.00 68754.19	4418.50 59456.21 3020.00 90.00 602.00 67586.71
3.	NFE earnings in five years (1-2)	55033.22	87267.79

3) Unit's representative Shri Ranbir Singh, Manager (Logistics) attended the meeting and explained the proposal. He informed that Suspension Systems / Parts and Accessories (including Shock Absorbers) is basically metal part and therefore no additional capital goods and raw materials are required for manufacture of proposed items. He stated that their parent company is situated in Denmark. He further informed that at present they are supplying about 80% manufactured items mainly Back Plate to their Group companies- Danblock, Matbrakes etc. as deemed exports, but they will export the new proposed item i.e Suspension Systems / Parts and Accessories (including Shock Absorbers) to Czech Republic.

The Committee, after due deliberations, approved the proposal of the unit for addition of new items for manufacture and export in LOP. The Committee also approved the revised projections submitted by the unit.

बैठक की समाप्ति अध्यक्ष महोदय को धन्यवाद जापन के साथ बैठक समाप्त हुई.
