This approval is subject to submission of documents mentioned at Para 7.1.2 above.

**Item No. 8: Complaint received against the promoters of M/s. Ansal IT City & Parks Limited, Developer of the IT/ITES SEZ at Plot No. 6, Sector Tech Zone, Greater Noida (Uttar Pradesh).**

**8.1 M/s. Ansal IT City & Parks Limited., Developer**

8.1.1 M/s. Ansal IT City & Parks Ltd. is a Developer of the IT/ITES SEZ at Plot No. 6,

Sector Tech Zone, Gr. Noida (Uttar Pradesh). This office had received complaints against the promoter for selling of plots in SEZ without any approval from the Competent Authority. Accordingly, a letter dated 14.02.2025 has been issued to the Developer as per detailed below:-

As per Customs visit Report, "The Developer was constructing through contract to M/s. J.P. Infrastructure and selling the same in SEZ land to the buyers. Further, Customs has also informed that reconstruction and re- design of the Signature Tower (old building), the front elevation of the building has been demolished and renovation work is going on without getting any approval/permission."

Registration of commercial project on notified SEZ land with UPRERA and submission of building plan of aforesaid commercial projects with GNIDA and selling the project to the buyers, without prior approval of BoA, is violation of the SEZ Act, 2005 & SEZ Rules, 2006 and relevant Instructions issued time to time as well as violation of the terms & conditions of the formal approval issued to the Developer.

The Developer was requested to stop all construction with immediate effect and produce the documentary evidence of permission issued from this office in this regards, if any, within 10 days.

Now Developer, vide letter dated 24.02.2025 received on 27.02.2025 has informed that:-

They have not contravened neither any of the rules or regulations of the act but on the contrary have strictly complied with all norms wherein, they have applied for de-notification of certain parts of the SEZ Zone and they are awaiting the approval for the same with due process.

They had applied with UPRERA for the same as the registration with UPRERA takes a long time and the same was conveyed to Customs Department and NSEZ Authorities on the same.

They are not selling any unit or undergoing any commercial transaction and have received EOI's of various companies who have expressed their interest to set up their business in the de-notified area when the approval for the same shall be issued by the BOA. This is a leased plot/land, they are well aware that under no circumstances any third party rights can be created other than sub leasing any premises. This itself restricts them to sub lease of either plot or office premises or renting out.

Previously, they had constructed upto second floor including two basements and now as per the permission they are constructing floors as per the approved plan. They are yet to exhaust the limit availed in the said permission and therefore,

with our guidance and approval they are constructing the further floors which is as per the approval of the sanctioned received from the Greater Noida Industrial Development Authority and our good-self. It is necessary to mention here they have not demolished anything and this is a complete misinformation and renovation work is going on the Façade as declared in their earlier submissions/applications.

It is practically impossible to construct further floors without removal of Façade which shall be reinstated back after the entire construction of the building is complete. There is no change in the previous prevalent floors and nothing has been shifted or moved thereupon. The information which has been circulated to our office is erroneous and does not hold any merits.

Be rest assured that Developer stringently abides by the rules and regulations and have also duly applied for denotification which unfortunately is taking a much long time than expected wherein they were given to belief that the process is a very swift one and shall be complied with by the various bodies at the earliest, but unfortunately, the process is taking a very long time and this in turn is only hampering the growth of the Zone and the region and no investor who wants to set up any business in their plot will wait for such a long time. They are loosing business opportunities on daily basis and their undergoing expanses, interest and costs at their expenses which is taking a heavy toll on their financial cash flows.

They wish to apprise us that they are requesting for permission to commence construction in the areas which they have earmarked for de notification and most import they would like to state that they have not availed any customs duty or tax exemption for any material that would be applied for the construction of the same. Under this scenario wherein they are not availing any benefits, they should be allowed/permited construction of the same as the main objective is to save on time as the construction that they have planned is beneficial to SEZ and the State because upon denotification which they intend, shall be obtained shortly as too much time has already expired since they had applied and therefore, they are constructing the same without availing any benefits and keeping in the mind the guidelines and rules of SEZ in case any permission is required for construction the same may kindly be provided so that time can be used economically and the same time it is to be emphasized upon that they are not availing any benefits on the same. They consider that construction of those areas which have been applied for de notification should be allowed to be carried out and not be restricted due to long pending approval procedures for de-notification.

They have requested NSEZ to view their working objectively as their prime objective is growth and progress of NSEZ Sector and request to disregard false complaints or information circulation through people and companies who are against the progress of NSEZ and detrimental to the progress of the plot.

The Developer has attached copy of the letter dated 25.08.2022. As per condition no. 6 of the letter the permission issued to the Developer vide letter dated 25.08.2022 has as validity of one year from the date of issue of the letter. Accordingly, the validity of the letter lapsed on 24.08.2023, after that the Developer has not approached/received any extension from this office.

From the submission of Developer, it is clear that they are constructing in the areas which they have earmarked for de-notification without any approval from the Competent Authority, which is violation of provisions of SEZ Acts & Rules, 2006 and relevant Instructions issued time to time as well as violation of the terms

A handwritten signature in blue ink, appearing to be a stylized 'D' or a similar character, followed by a long, sweeping line extending to the right.

& conditions of the formal approval issued to the Developer.

The case was placed before UAC dated 03.04.2025 with full facts for appropriate decision in the matter. No one appeared/attended before UAC. UAC took a serious view and directed to seek explanation from the Developer for not appearing before the Approval Committee. Further, Approval Committee directed that the matter may be placed the next UAC for appropriate decision in the matter. The Committee also decided to inform the Developer that they should not make any construction related to any anticipated NPA

8.1.2 Sh. Mahesh Patel, Authorized Signatory of M/s. Ansal It City & Parks Ltd. joined the meeting through video conferencing and explained the matter.

8.1.3 The Approval Committee discussed the matter in detail and after due deliberations, directed the Specified Officer (Customs) to visit the SEZ and submit a report in the matter.
